Would use park in Chestnut, no parked cars.

Disabled area, family area, safer than Millfield.

I feel the play area in Millfield is not enough to occupy the children in this area and too far for my younger one to enjoy.

A park would be ideal in the Chestnut Avenue area as there is nothing for the children to play with in the area, so I think it would be an excellent idea for a park for the locals in Chestnut Avenue which will be used every day.

The field on Chestnut is larger and safer. Millfield is on the outskirts of the estate and Chestnut field is more central for the estate and also the local school. Parking is terrible in Millfield i.e. people (residents) use grass.

It will be in a good situation for visiting as I have my grandchildren twice a week.

I feel the field in Chestnut is a bigger area therefore able to construct varied play equipment for all ages and abilities to include items for disabled children to enjoy too is paramount.

Would be amazing to have a gym area for adults so the space can be used for adults as well as children. This would encourage more people to exercise and get out of the house, plus it would really bring everyone together. A zipwire would be amazing.

We don't use the park as it is too far away and to be honest it's not very good for the kids to play on when we do go to it.
