

BLYTH TOWN COUNCIL

POLICY AND PROCEDURE FOR COMMUNITY FUNDING 2021/2022

1. BACKGROUND

Blyth Town Council was established in April 2009 and Members decided shortly after their election in June 2009 that they wanted to introduce funds for community activities.

The aim of community funding is to support community groups and organisations to deliver activities that contribute to achieving the Council's ambition for the Town.

The funding is split into two categories and the total amount of funds available is £200,000. However, this may change in coming years.

Councillors' Small Schemes

Included in the funding is £16,000 for Councillors' Small Schemes. Each of the 16 Councillors has access to £1,000 for specific schemes or organisations that they wish to support. Councillors' proposals must be approved by the Chair and Vice Chair of the Community Development Committee and the Town Clerk. They can be made at any time during the financial year and any remaining allowance of £100 or over may be carried over to the next financial year with prior approval. Approval must be sought by 31 December in that year so that provision can be made in the following year's budget.

2. COMMUNITY FUNDING FOR 2021/22

The budget for 2021/22 is:

The Committee has the delegated power "To award grants to outside bodies and to make recommendations for the policies concerning the award of community grants".

3. WHO CAN APPLY?

Any organisation or group seeking funding from Blyth Town Council will be:

Applications cannot be accepted from individuals, however, a club or group can apply for funding to support individuals, eg to allow a member or members to compete in a competition that wouldn't be possible without financial support.

Applications, on an individual or business nature, will not be accepted from existing Town/County Councillors or from their families.

4. CONDITIONS OF FUNDING

Grants will be made subject to the following conditions:

- ◆ They can only be used for the purpose of the application.

- ◆ The Council have the right to request repayment of funding should any grant or part of, not be used for the purpose given on the application form and agreed by Committee.
- ◆ Where a successful applicant satisfies the objectives of the application and there are Council funds that have not been utilised then notification to this effect must be given to the Town Clerk who will advise on the action that will be taken.
- ◆ No monies should be spent in advance of the application. Evidence of expenditure must be forwarded to the Council if requested.
- ◆ Grants will be paid by cheque or bank transfer to an organisation or group.
- ◆ The recipient must agree to participate in suitable publicity and to acknowledge the Town Council's contribution by displaying the logo on associated materials as appropriate.
- ◆ Community organisations will only be eligible to receive one grant per financial year unless there are extenuating circumstances as deemed by the Committee.
- ◆ Applicants must submit a copy of the organisation's constitution, latest bank statement, a copy of last year's accounts and, if available, the current year's accounts to date with their application.
- ◆ Where the organisation has previously successfully applied for funding, then the projects must be listed along with information on its outcomes – was the project delivered as per the application and what are the ongoing benefits/problems.
- ◆ Where an organisation is also seeking other avenues of funding for the project included on the application to the Town Council, then these details must be submitted. When the outcome is known the Town Council must be informed immediately as this may impact upon the Committee's decision.

- ◆ If a proposed grant is less than the amount requested, organisations will be required to provide information to demonstrate how they would use the reduced funding. This information must satisfy the Town Council before any payment is made.
- ◆ Applicants must supply all of the information requested within the policy/application form, otherwise the application may be deemed invalid. This would include proof of costs of project with a possible sight of estimates for the scheme/s.
- ◆ In some instances the sub-committee may find it beneficial for the applicant to personally present/clarify their case. The sub-committee are mindful that information requested may be confidential and it may be considered in a private part of the meeting (Part II). Applicants would be invited to attend a meeting of the Community Funding Sub-Committee or the Community Development Committee if this is decided by the sub-committee.
- ◆ If the Committee believe an organisation has a level of unrestricted funds that would allow them to continue to operate without the support of a Community Grant then they may request further information on the proposed use of existing funds before considering the grant application.
- ◆ Where it is seen that the information contained within the application is not valid, then the application for funding will not be considered.
- ◆ Applicants to provide information to the Council on the expected long-term benefits, if any.
- ◆ All sections of the application form must be completed.

The Council operate the Community Grants Scheme taking into account the role of the organisation making the application as well as the expected outcomes of the funding request.

The Council also need to consider the governance arrangements in place from the applicant organisation. Applicants are asked to provide us with details of the following:

- ◆ Responsibilities of trustees etc.
- ◆ Controls within the organisation on a regular basis, eg monitoring arrangements for financial information.
- ◆ Regularity of meetings.
- ◆ Copies of the last three meeting agendas and minutes.

Application forms and any information submitted to support an application will be held on file as follows before being destroyed:

Successful applicants - for five years following the year in which the grant was awarded.

Unsuccessful applicants - until the approval of the minutes of the meeting which declined the application.

Special consideration may be given to an application at the discretion of the Community Development Committee or its Sub-Committee.

The Town Council has also considered revenue grants to organisations. It is suggested, unless an emergency situation occurs, that where a revenue grant is made, the Community Development Committee specifically state whether or not future applications from that applicant will be considered in the relevant financial year. Under normal circumstances only one application per year will be accepted.

If a grant is approved then the Committee would consider whether to pay the award in instalments, subject to a suitable condition regarding the continued existence of the applicant.

The decision of the Committee is final and no appeals can be made or correspondence entered into against any determinations made.

Amendments to this Policy and Procedure can be made at any time and this would result in changes to current forms and guidance notes.
